1. Company Introduction

We supply research scientists within laboratories across the globe, who want to produce accurate, reproducible data, whilst improving standards of safety and sustainability. We meet their needs by providing innovative solutions that enhance laboratory workflows through simple, but effective technologies. They buy from us because of our product knowledge and industry expertise, proudly provided in a friendly and honest manner. We prove our capabilities by being renowned in our field for over 20 years, with solutions validated through case studies, testimonials and personal recommendations from loyal staff and customers.

Asynt Ltd are committed to complying with all relevant legislation and guidance as applicable to ISO 9001 and ISO 14001 in all geographical areas of operation. We ensure that contractual, regulatory & statutory obligations are understood and met in order to achieve customer satisfaction and to continually improve our IMS.

Asynt has undertaken a SWOT & PESTLE analysis and produced an Aspects & Impacts register to establish internal and external issues relevant to the business.

2. Scope Statement

The Integrated Management System applies to the business activities related to the worldwide supply of laboratory equipment & services by Asynt Ltd. Oversight and governance are maintained through Asynt's Integrated Management System over the business areas of sales, design, production, and delivery of technologies and services for the scientific industry. Top management and delegated organisational representatives utilise supplier assessment, risk management, and mitigation to maintain control and influence over applicable areas of business operations within the scope of our IMS. Asynt Ltd. ensures adherence to applicable Health & Safety legislation, implementing measures to promote a safe working environment and continually monitoring compliance to safeguard employee and stakeholder wellbeing.

This scope is applicable to the following locations:

- Unit 28-30 Hall Barn Road Industrial Estate
Hall Barn Road
Isleham
Cambridgeshire
CB7 5RJ
- Global Events attended by Asynt (as applicable to ISO 14001)

This scope is championed and signed by the Managing Director, Martyn Fordham.
