25/10/23	Addition of Martyn's name at the bottom of the policy as per the 09/10/23 OFI02

1. Company Introduction

We supply research scientists within laboratories across the globe, who want to produce accurate, reproducible data, whilst improving standards of safety and sustainability. We meet their needs by providing innovative solutions that enhance laboratory workflows through simple, but effective technologies. They buy from us because of our product knowledge and industry expertise, proudly provided in a friendly and honest manner. We prove our capabilities by being renowned in our field for over 20 years, with solutions validated through case studies, testimonials and personal recommendations from loyal staff and customers.

Asynt Ltd are committed to complying with all relevant legislation and guidance as applicable to ISO 9001 and ISO 14001 in all geographical areas of operation. We ensure that contractual, regulatory & statutory obligations are understood and met in order to achieve customer satisfaction and to continually improve our IMS.

Asynt has undertaken a SWOT & PESTLE analysis and produced an Aspects & Impacts register to establish internal and external issues relevant to the business.

2. Policy

Asynt Ltd have implemented a Quality Management System which is compliant with the requirements of International Quality Standard ISO9001:2015 and have committed to the following:

- Producing consistently high - quality products and services
- Achieving excellence
- Expanding the geographical reach of our business

To achieve this, we will:

- Ensure a robust and regularly reviewed risk identification and treatment framework
- Comply with all relevant legislation & guidance
- Set and achieve Quality Management System (QMS) objectives
- Provide suitable and adequate training to our employees
- Control and influence our supply chain to minimise risk
- Monitor and measure our performance using KPI's and regular review of objectives and targets
- Identify, analyse, contain and correct nonconformities to prevent recurrence
- Seek feedback from our clients and react to complaints quickly and effectively
- Make strides to continually improve the effectiveness of the Quality Management System

This policy is communicated to all working with scope of the QMS and is available to interested parties via the company website.

This policy is championed and signed by the Managing Director, Martyn Fordham.
